

COMMUNITY EMPOWERMENT

LOCKHART

- ◆ We can attract outside eateries, increase the amount of trees/sun-coverage, and support the widening of Edgewater Drive to give the Lockhart Community a *downtown look*. It's an improvement that the community not only needs, but also deserves. We can work with the People of Lockhart Community Association to develop a plan that works best for them.
- ◆ We have a bold vision for Lockhart: one that includes an annual community event that brings in people from all across the county. We would also like to see a community center built on Edgewater Drive. We also need to take the necessary steps to rebuild the a Lockhart Chamber of Commerce.

PINE HILLS

- ◆ Pine Hills is a prime location to increase affordable housing. We need to make sure that we are taking reasonable steps to making Pine Hills a better place to live, but always aim to avoid gentrification.
- ◆ Christine supports changing county ordinances that would place road cleanup and maintenance within the hands of county utilities to ensure a seamless cleanup process on all roads.
- ◆ Christine would fully support the work of the Pine Hills Council and has a plan to recruit higher education opportunities at the corner of Silver Star and Pine Hills Roads.

TANGERINE and ZELLWOOD

- ◆ Christine fully supports the Tangerine Improvement Society and fully resonates with the community's desire to retain its rural designation and land uses.
- ◆ Christine has supported the Zellwood Community Center and Museum for years. She also understand that a lot of changes are coming to the community, specifically at Kelly Park Crossing. As development continues, there will be much to do in order to protect Zellwood's historic features while appropriately growing into an even more prosperous community.

The ideas we have listed now are just a starting point. We have a real, clear, and defined vision for the future of the county, and I am absolutely committed to making Orange County a better place to live, work, and play.

The cities of Apopka, Ocoee, and Orlando have mayors and commissioners to advocate for them. In these unincorporated areas, the District 2 Commissioner has to be present and active in each one of these communities. I promise you that I will be your number one advocate.

When our communities are strong, our county is even stronger!
